# PETITION

**TO THE LEGISLATIVE ASSEMBLY OF ONTARIO:**

**WHEREAS** collecting and restoring old vehicles honours Ontario’s automotive heritage while contributing to the economy through the purchase of goods and services, tourism, and support for special events; and

**WHEREAS** the stringent application of emissions regulations for older cars equipped with newer engines can result in fines and additional expenses that discourage car collectors and restorers from pursuing their hobby; and

**WHEREAS** newer engines installed by hobbyists in vehicles over 20 years old provide cleaner emissions than the original equipment; and

**WHEREAS** car collectors typically use their vehicles only on an occasional basis, during four to five months of the year;

**THEREFORE**, be it resolved that the Ontario Legislature support Ontarians who collect and restore old vehicles by amending the appropriate laws and regulations to ensure vehicles over 20 years old and exempt from Drive Clean testing shall also be exempt from additional emissions requirements enforced by the Ministry of the Environment and governing the installation of newer engines into old cars and trucks.
